This is an update....

As I have placed my interaction exchange with this company presence of ReputationDefender on the internet, I made a call recording of that exchange as I introduce them to whom I am, not a review site per se, information technology, and theory logic, a web presence absolute, there is no getting around me.

As I say it recently onto a LinkedIn post by LinkedIn --- <http://fuckeduphuman.net> exists --- DEAL WITH IT!

In reference to NPI Data Records [<http://npino.com>] which have the ability to be outside commented by the toolkit interface of Disqus!

I have a content memespace drawer for linking applications of addendum considerations.....

Ms. Brehme: I do not know what it will take for you to respond a response of responsibility. This web presence is holding a binding. You are in a different paradigm here understanding perhaps to conclude that you would not want to remain public visable in this attention getting light for an extended duration. What appears to be a business card is sourced from your actual therapist licence site. The source image is quickly found by google images search using your name. Further does not have a copyright affixed which means it is public domain usaable. I choose to take advantage of that status. For anyone to perform an image search of your name, it might be noticed there are other images in the return results displayed to the public interest of these circumstances documented by this networking web presence. **This places a binding on to this casting that you as the subject of this web presence would not just ignore this!!** It seems strange or a skew from any kind of normalcy that such exposure creates affixed to your name. Some might make the obvious conclusion that you are a bit [or a boast] irresponsible somehow to hold this web presence status in the first place. Further dynamically applied that would be for an extended period of time would be conclusive that you can't find yourself to right a wrong that you are involved in somehow. Even if that would be to make a domain query "content removal request". This web presence is demanding your accountability response upon matters which you internally know. These matters are too important of a contentious state life and death health related matters of a community to leave in silence holding an "intractable conflict" status. #ConspiracyExposedTerminatesASAP

Ms. Brehme, how exactly are you going to remove such details I place without you calling me to schedule a reconciliation of

these contentious intractable conflict considerations onto our information society mainstream. These details are going to

hurt you --- one day sooner or later. What is represented is not my intention to cause you harm but for you to stop causing

harm onto the community. But you won't listen to reason. Really, ---- listen to reason --- defend this conspiracy to your

dying breath? What kind of pack with the devil do you have?

I am still here waiting for one of you to switch sides and spill the beans, or rock the boat and tip the boat over let

those who can swim their way to shore do so with great stride to realising the paradigm shift needed here.

Time for something new!

A Change.org Petition Drive -- to oust your leader hater at the top [that I can see of having "culpible responsibility" in these

concerns within the HIV community structure of federal policy healthcare -- a federally funded government sponsored hate scheme.

Really Ms. Brehme, you are going to go down with the public knowing you had been given the chance to open your heart to do the

right thing, and you choose by choice of your intention to stay silent when Mark Twain stated:

I have already won the moral debate --- you can't come out of the dark shadow your dishonor to redeem yourself in a method offering this matter to the reflection of reconciliation, understanding, mutual respect, mutual honor, and mutual forgiveness. ??

You can't make an independent choice, as a free-willed person on this planet that happens to be living in the United States of America in the year 2019?

You can't make that freewill freedom of choice? My dearest human female, career therapist in the heart of healing our minds mental health...

That is slavery.

You are a slave to this condition of silence.

How can you sleep knowing that is rationally the truth?

How in the hell did you get yourself into a situation like this?

You can't hold truth virtue and then you can't speak out the virtue truth in your calling mission of work.

How low brow can you go lady? I would say you at the bottom rungs of defeat.

That is rock bottom for those who can't understand --- rock bottom moral corruption.

Again, updating you with details to "my mission" of peacebuilding a the termination of the system

that bring you to be a slave upon it --- thus in that termination, you will be again freed from the slavery of silence diligence that you must be in sufferance within.

You must be. You are not one in the field that I have found you --- to have such a cold heartless rut in your gut.

No, you are suffering. I am not sorry for that --- you can fix this by doing the right thing --- for one the end of this chain of conspiracy is a grand illusion promise that you will never reach to the attainment of satisfied any kind of way enlightenment for what deeds you do and defend here this day.

You can sign this petition with a knowing piece of the puzzle here, to make me aware it is you and only you even if you can't reveal such real name in that signature truth. I promise I am working to release this great harm onto our society that you must be in sufferance upon. I don't have that opinion of every actor involved in my personal obstructions of this wall of oppression and silence that I have run into time and time again.

But Ms. Brehme, I do have that opinion of you. I am here to release your burden and interwoven tie to hater powers collective elites.

Think about it --- you have my number if you really want to make something of your legacy to all-time human history in the history books that will be written of these events.

I guarantee you --- this is not the shadow cast you were in a year ago allowing yourself

to just run-a-muck like everyone else --- the role model --- who is the role of leadership in this hate group conspiracy?
